PROFESSIONAL SUMMARY

Cybersecurity professional with 2+ years of experience in Security Operations Centers (SOC), specializing in security monitoring, alert triage, incident investigation, and threat detection. Experienced with SIEM, SOAR, EDR, and network security technologies including Google SecOps, CrowdStrike Falcon, Palo Alto NGFW, and Cisco ISE. Strong analytical and problem-solving skills with experience supporting enterprise security operations in global environments. Fluent in Spanish and proficient in English (B2).

PROFESSIONAL EXPERIENCE

SOC MxDR Analyst (Security Transformation Associate) | Accenture | February 2025 – Present | Merida, Mexico (Remote)

- Conduct alert analysis using the SOAR platform to efficiently manage and prioritize security cases.
- Analyze security events, logs, and indicators of compromise (IOCs) within SIEM platforms to identify potential threats and reduce false positives.
- Escalate and document security incidents according to incident response procedures and operational playbooks.

Junior SOC Operations Engineer – Tier 1 (Security Delivery New Associate) | Accenture | June 2024 – January 2025 | Mexico (Hybrid)

- Provided technical support and assistance to end users to resolve network-related issues.
- Performed validation and troubleshooting of communications through the firewall to ensure security and proper data flow.
- Monitored SecOps SIEM and CrowdStrike platforms to identify and generate alerts for potential security incidents.
- Conducted follow-up analysis of detected security alerts to mitigate risk and prevent future incidents.

EDUCATION

B.Eng. in Computer Systems Engineering | Instituto Tecnológico de Merida | August 2021 – December 2025 | Merida, Yucatan

Specialization: Cybersecurity

Information and Communication Technologies Certification

2018 – 2021

CERTIFICATIONS

- Google Professional Security Operations Engineer (2025)

CYBERSECURITY TRAINING

- TryHackMe
- Hack The Box (HTB)
- Capture The Flag (CTF) exercises
- Security Labs and Blue Team practice

TECHNICAL SKILLS

- SIEM & SOAR: Google SecOps (Chronicle), SOAR case management
- Endpoint Security: CrowdStrike Falcon
- Network Security: Palo Alto Next-Generation Firewall, Cisco Identity Services Engine (ISE)
- Operating Systems: Windows, Linux
- Programming & Scripting: Python, Java, PHP, JavaScript
- Other: Wireshark, Nmap.

LANGUAGES

- Spanish – Native
- English – B2 (Upper Intermediate)
